Proposal for a

REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

**establishing a European Union agency for law enforcement training (Cepol), repealing
and replacing the Council Decision 2005/681/JHA**

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

1.1. Political context

The European Police College (CEPOL), established as an EU agency in 2005 by Council Decision 2005/681/JHA¹, is entrusted with activities related to the training of senior law enforcement officers. It aims to facilitate cooperation between national police forces by organising courses with a European policing dimension. It also defines common curricula on specific topics, disseminates relevant research and best practice, coordinates an exchange programme for senior police officers and trainers, and, for specific projects, may act as a partner of the beneficiaries of EU grants. Its seat was transferred from Bramshill, United Kingdom to Budapest, Hungary, by Regulation (EU) No 543/2014 of 15 May 2014 amending Council Decision 2005/681/JHA, which has entered into force on 29 May 2014.

On 27 March 2013 the Commission made a proposal for a Regulation updating the legal framework of the European Police Office (Europol)². As regards CEPOL and training of law enforcement officers, that proposal pursued three aims. First, it proposed to merge CEPOL with Europol to create synergies between operational law enforcement work and training activities, and to make administrative savings which would be invested in training. Second, it sought to strengthen the merged agency's ability to support law enforcement training in the EU by giving it the necessary powers to implement the European Law Enforcement Training Scheme (LETS) published by the Commission at the same time as the proposal for a new Europol regulation³. Third, it sought to align the rules on governance of Europol with the Common Approach on EU decentralised Agencies, endorsed by the European Parliament, Council and Commission in July 2012.

The European Parliament and the Council did not agree to the proposed merger of CEPOL with Europol. Instead, a regulation (proposed by Member States pursuant to Article 76 TFEU and based on Article 87(2)(b) TFEU) moving the seat of CEPOL as an independent agency to Budapest, Hungary, was adopted on 6 May 2014⁴. Due to the opposition to the proposed merger, other parts of the Europol proposal relating to training were not discussed by the European Parliament and the Council in detail.

The Regulation relocating CEPOL to Budapest, Hungary, invites the Commission to submit a report on the effectiveness of the Decision, if appropriate accompanied by a legislative proposal for the Agency. This proposal for a regulation responds to that invitation. It also reflects the call in the Stockholm Programme⁵ to step up training on EU-related issues and to make them systematically accessible for all relevant law enforcement professionals, and the request of the European Parliament for a European training policy for law enforcement officers to address the increasingly complex and international nature of serious crime⁶. It is in

⁴ That regulation amends Article 4 of Council Decision 2005/681/JHA which designates Bramshill, United Kingdom, as the seat.

line with the priorities set out in the Internal Security Strategy in Action⁷, and with the Common Approach on EU decentralised Agencies. The need to develop EU level training of law enforcement personnel to support practical cooperation and implementing fully the LETS was also pinpointed as one of the key priorities for the future in the Communication of the Commission on "An open and secure Europe: making it happen"⁸.

This proposal for a Regulation draws – except as regards the question of merging CEPOL with Europol which has since been decided by the co-legislators – on preparatory work carried out in 2011 and 2012 by the Commission on the modernisation of CEPOL's legal basis. It therefore provides for a legal framework for a new CEPOL with broader objectives and modernised governance, which repeals and replaces CEPOL as established by Council Decision 2005/681/JHA.

1.2. General objective

Over the last decade, the EU has seen an increase in serious and organised crime as well as more diverse patterns in crime.⁹ Europol's EU Serious and organised crime threat assessment 2013 (SOCTA 2013) found that "serious and organised crime is an increasingly dynamic and complex phenomenon, and remains a significant threat to the safety and prosperity of the EU."¹⁰ Transnational crime can only be countered by cross-border cooperation, with police, customs, border guards and other authorities working together. Unless those authorities are properly trained, and unless there is sufficient mutual trust, such cooperation will not be effective. Against this background, the strategic and operational goals in the fight against organised and serious cross-border crime and terrorism need to be underpinned by coherent, recognised and high quality training in specialized and centrally prioritised areas for EU law enforcement officers involved in transnational cooperation.

The general objective of this proposal for a Regulation is therefore to improve EU security through the implementation, by CEPOL, of a new training approach for EU law enforcement officers, consistent with evolving priorities for operational law enforcement cooperation.

The new training approach – or learning system – is set out in the European Law Enforcement Training Scheme (LETS), which aims to equip law enforcement officials of all ranks (from police officers to border guards and customs officers, as well as, where appropriate, other state officials, such as prosecutors) with the knowledge and skills they need to prevent and combat cross-border crime effectively through efficient cooperation with their colleagues in other Member States, EU agencies, third countries and international organisations.

In order to achieve the general objective, this proposal for a Regulation confers on CEPOL two main tasks: **1)** delivering relevant EU-level training and exchanges and **2)** coordinating the implementation of the Law Enforcement Training Scheme (LETS) by conducting strategic training needs assessments and ensuring a common quality framework for law enforcement learning.

2. RESULTS OF CONSULTATIONS WITH THE INTERESTED PARTIES AND IMPACT ASSESSMENTS

Dialogues on the preparation of the reform of Europol, CEPOL and of EU law enforcement training took place in 2010 and 2011 between the Commission and representatives of the European Parliament, the Council of the European Union and the Management Board of Europol and Governing Body of CEPOL, as well as with representatives of national Parliaments.

2.1 External Studies

An external **five-year evaluation** of CEPOL was carried out in 2010-2011 in line with Article 21 of the CEPOL Decision¹¹. The final report was submitted to the Governing Board of CEPOL on 31 January 2011¹². An independent **external study**, commissioned to support the preparation of the Impact Assessment, assessed the functioning of CEPOL and the legislation governing CEPOL in the light of the objectives in the Stockholm Programme and analysed impacts of possible future actions. A wide variety of stakeholders were consulted, namely representatives from CEPOL national stakeholders, users of CEPOL's activities and experts in the field of police cooperation and training. The study was submitted to the Commission on 23 April 2012¹³.

2.2 External consultations

In addition, the Commission involved all Member States in the assessment of the functioning of the CEPOL Decision and its revision. The future role of CEPOL was also discussed in the context of several workshops to gather ideas on the European Training Scheme organised by the Commission in the second half of 2011 and the first part of 2012. The Commission organised on 7 February 2012 a consultative workshop with 20 participants, mainly from UK, FR, DE, ES, DK, BE, SK, PL, CEPOL, to assess problems identified in the study as well as recommendations and to consider the alternatives. On 3 May 2012 the Commission organised a consultative conference with 60 participants from all Member States.

2.3 Internal consultations

DG HOME carried out an internal consultation by setting up a specific Inter-Service Group (ISSG), with the participation of representatives of the SG, SJ, DG HR, BUDG, JUST, IAS, OLAF and EEAS. ISSG meetings were held on 15 March, 21 May, and 5 June 2012.

2.4 Impact Assessment

In line with its “Better Regulation” policy, the Commission conducted two impact assessments of policy alternatives concerning Europol and CEPOL.

The impact assessment on CEPOL was based on the two policy objectives of (i) ensuring better quality, more joined-up and more consistent training for a wider range of law enforcement officers in cross-border crime issues and (ii) establishing a framework to achieve this in line with the Common Approach on EU decentralised agencies. When presenting a Law Enforcement Training Scheme, the implementation of which will require additional resources, the Commission examined different options including strengthening and

streamlining CEPOL as a separate agency and merging, partially or fully, the functions of CEPOL and Europol into a new Europol agency.

According to the Commission's established methodology, each policy option was assessed, with the help of an inter-service steering group, against its impact on security, on the costs (including on the budget of the EU institutions) and against its impact on fundamental rights.

The analysis of the overall impact led, in the context of the Europol Regulation proposal, to a preferred policy option which was the merger of CEPOL into Europol. However, the European Parliament and the Council did not agree to the proposed merger, nor to the alternative option of co-locating the two agencies in The Hague, the Netherlands,¹⁴ and decided to move CEPOL, as an independent Agency, to Budapest.

This proposal for a regulation accordingly maintains CEPOL as an independent agency, with its seat in Budapest. Any other option would, at this point in time, generate additional costs and create uncertainty for the Agency's future and its staff which would adversely affect its ability to deliver on its objectives.

3. LEGAL ELEMENTS OF THE PROPOSAL

Article 87(2)(b) of the Treaty on the Functioning of the European Union is the legal basis for this proposal.

3.1. Subsidiarity and proportionality

There is no obligation under the Lisbon Treaty to amend the legal basis and mission of CEPOL. However, the strengthening of CEPOL's legal basis is supported by several important EU policy documents, such as the Stockholm Programme. Parliament and the Council have recommended a European training policy to equip law enforcement to tackle the increasingly international nature of serious and organised crime on the basis of mutual trust.

The current Decision does not enable CEPOL to perform effectively and consistently according to the EU's evolving training needs. The EU needs to acquaint its widely diverse police forces with the tools and instruments that have been developed to facilitate police cooperation and exchange of information. This objective can better be achieved at Union level, in accordance with the subsidiarity principle.

In accordance with the principle of proportionality, this Regulation does not go beyond what is necessary to achieve this objective.

3.2 Objective and content of the legislative proposal

This proposal aims to:

Give CEPOL the appropriate legal mandate and the necessary resources to implement the training effort set out in the Commission Communication on LETS published in March 2013.

¹⁴ Under the co-location scenario, CEPOL would have kept its legal autonomy, governance, budget, mission and mandate, but it would share certain administrative services with Europol.

Improve the governance of CEPOL by seeking increased efficiency and aligning it with the principles laid down in the Common Approach on EU decentralised agencies.

3.3 Implementation of a European approach to training

The Commission Communication on LETS aims to make the EU's response to common security challenges more effective, to raise the standard of policing across the EU and to stimulate the development of a common law enforcement culture as a means of enhancing mutual trust and cooperation. It seeks to identify and address gaps in existing law enforcement training on cross-border matters by supporting and, where appropriate, by coordinating the delivery of training by European and national centres of excellence¹⁵. To implement the training effort envisaged in the Communication, this proposal for a Regulation aims at giving CEPOL the appropriate legal mandate and the necessary resources.

The scope of CEPOL's mandate is broadened so that it can support, develop, deliver and coordinate learning activities for law enforcement officials of all ranks (not only police officers of senior rank as is the case under the current CEPOL Decision) as well as to officers of customs and of other relevant services dealing with cross-border issues.

The proposal envisages that the Agency will remain network-based, bringing together the network of training institutes of the Member States for the law enforcement officials and liaising with a single National unit in each Member State.

The objectives of CEPOL are updated and clarified so that the Agency may improve awareness and knowledge of international and Union instruments, the institutions, agencies and bodies of the European Union; encourage the development of the regional or bilateral cooperation among the Member States; address specific criminal or policing thematic areas where training at EU level can add value in addition to the national level; and provide appropriate and preliminary training sessions for the participation in civilian missions in third Countries.

CEPOL's tasks are defined in this Regulation on the basis of a strategic training needs assessment to address EU priorities in the area of internal security and its external aspects, in line with the relevant policy cycles and by introducing an accredited certification system.

3.4 Improved governance

The proposal improves the governance of CEPOL by streamlining procedures, notably with respect to the Management Board and the Executive Director, and by aligning CEPOL with the principles laid down in the Common Approach on EU decentralised agencies, keeping in mind that CEPOL, as a centre of EU learning activities, should continue to rely on the network of the training institutes of the Member States and liaise with a single National unit in each Member State.

The Commission and the Member States are represented on the Management Board of CEPOL. In line with the mandate of the Agency, the members of the Management Board are appointed on the basis of their knowledge of training for law enforcement officers, taking into account relevant managerial, administrative and budgetary skills. The Management Board

¹⁵ The Commission Communication on LETS draws on a mapping of training needs and delivery conducted by CEPOL, consultations with Member States' experts and JHA agencies in four expert meetings and three conferences in which members of the European Parliament took part, held in 2011 and 2012.

will be advised by a scientific committee on technical training issues (Scientific Committee for Training).

The Management Board is given the necessary powers, in particular to establish the budget, verify its execution, adopt the appropriate financial rules and planning documents, establish transparent working procedures for decision-making by the Executive Director of CEPOL, adopt the annual activity report, and appoint an Executive Director.

In order to ensure efficient day-to-day functioning of CEPOL, the Executive Director is its legal representative and manager. The Executive Director is completely independent in the performance of his/her tasks and ensures that CEPOL carries out the tasks foreseen in this Regulation. In particular, the Executive Director is responsible for preparing budgetary and planning documents submitted for the decision of the Management Board, implementing the annual and multiannual work programmes of CEPOL and other planning documents.

4. BUDGETARY IMPLICATION

The adoption of this Regulation will have no additional financial implication as described in the annexed legislative financial statement. Figures included in the financial statement combine the foreseen total amount for CEPOL as it is planned for the 2016-2020 financial period (Communication COM(2013)519) including the financial needs of € 3.710 million which are necessary to implement the mandate related to the Law Enforcement Training Scheme.

An additional 4 FTE will be needed to implement the new tasks related to training of law enforcement officials, i.e. the activities required to implement the European Law Enforcement Training Scheme. The specific task of the additional staff will be to coordinate the 4 Strands of the Scheme and to ensure that training activities are built on the regular training needs analysis and satisfy the high quality of delivery. In addition, 1 FTE will be recruited for the post of Legal Advisor in accordance with the advice from the European Ombudsman. Taking into account the additional posts already foreseen in the Communication COM(2013)519, only 1 additional FTE is to be recruited in 2016 and 1 additional FTE is to be recruited in 2017, and the additional post foreseen in 2018 in the Communication COM(2013)519 should be frontloaded in 2017. In order to comply with the 5% reduction, these modifications to the Communication will require exact compensation and are therefore subject to the availability of resources in the pool of Agencies through the annual budget procedures, resulting in an estimated €1.305 million in staffing costs over the period 2016-2020.

An estimated €6.092 million of staff costs (excl. schooling fees) will be saved over the period 2016-2020 as a result of the relocation from Bramshill to Budapest and the difference in the correction coefficient between the United Kingdom and Hungary. Schooling fees for children of CEPOL's staff will constitute an additional cost of €1.868 million over the same period.

An estimated €0.658 million will be saved as a result of lower costs of building, equipment and management board expenses over the same period.

The relocation of around 40 staff from CEPOL's current site in Bramshill, United Kingdom, to the new site in Budapest, Hungary, will have taken place before this proposal for a Regulation enters into force.

In total, therefore, the budgetary impact of the legislative proposal amounts to € 45.383 million for CEPOL, as an independent Agency established in Budapest, over the period 2016-2020.

REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

establishing a European Union agency for law enforcement training (Cepol), repealing and replacing the Council Decision 2005/681/JHA

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 87(2)(b) thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national Parliaments,

Acting in accordance with the ordinary legislative procedure,

Whereas:

- (1) The European Police College was set up by Council Decision 2005/681/JHA¹⁶ as an entity of the Union to train senior police officers of the Member States and facilitate cooperation between national police forces by organising and coordinating training activities with a European policing dimension.
- (2) The 'Stockholm Programme - An open and secure Europe serving and protecting citizens' sets the aim of creating a genuine European law enforcement culture by setting up European training schemes and exchange programmes for all relevant law enforcement professionals at national and Union level.
- (3) The European Law Enforcement Training Scheme (LETS)¹⁷ responds to the European Council's call, in the Stockholm Programme, to step up training on Union related issues and to make it systematically accessible for all relevant law enforcement professionals, and to request from the European Parliament for a stronger Union framework for judicial and police training.
- (4) The development of Union level training for law enforcement personnel to support practical cooperation and full implementation of the LETS represents a key priority for the future years in that context.
- (5) Simplification and improvement of CEPOL's functioning, in light of the LETS, widens the possibilities for CEPOL to support, develop, deliver and coordinate training activities for the competent law enforcement authorities of the Member States, without prejudice to the national initiatives taken by the Member States in the field of training for law enforcement personnel.
- (6) To ensure that Union level training for law enforcement personnel is of high quality, coherent and consistent, CEPOL should strive to structure it in line with the principles of the Law Enforcement Training Scheme. Union-level training should be available to law enforcement

officers of all ranks. CEPOL should ensure that training is evaluated and that conclusions from training needs assessments are part of planning to enhance effectiveness of future actions. CEPOL should promote the recognition in Member States of training provided at Union level.

- (7) To avoid duplication in the training activities for the competent law enforcement personnel, which are carried out by existing European Union Agencies and other relevant bodies, CEPOL should assess strategic training needs and address Union priorities in the area of internal security and its external aspects, in line with the relevant policy cycles.
- (8) To achieve its objectives, CEPOL, as a centre of Union learning activities, should maintain and encourage cooperation with the network of the training institutes of the Member States. It should further be supported by a "National Unit" in each Member State. The activities of the National Units should be coordinated at the Union level by CEPOL.
- (9) The Commission and the Member States should be represented within the Management Board of CEPOL in order to supervise effectively the exercise of its functions. The Board should consist of members appointed on the basis of their experience in the management of public or private sector organisations and of their knowledge in the national policy on training for law enforcement officers. The Board should be entrusted with the necessary powers to establish the budget, verify its execution, adopt appropriate financial rules and CEPOL's strategy, establish transparent working procedures for decision making by CEPOL, appoint the Director, establish performance indicators and exercise appointing authority powers, in accordance with the Staff Regulations and the Conditions of Employment of Other Servants.
- (10) To ensure the efficient day-to-day functioning of CEPOL, the Executive Director should be its legal representative and manager, acting in complete independence in the performance of his/her duties and ensuring that CEPOL carries out the tasks provided for by this Regulation. In particular, the Executive Director should be responsible for preparing budgetary and planning documents submitted for the decision of the Management Board, implementing the annual and multiannual programming and annual work programmes of CEPOL.
- (11) To ensure the scientific quality of CEPOL's work, a Scientific Committee, composed of independent persons of the highest academic or professional standing in the subjects covered by this Regulation, should be set up as an independent advisory body.
- (12) CEPOL should ensure that its training integrates relevant developments in research and encourage the creation of stronger partnerships between universities and law enforcement training institutes in the Member States.
- (13) In order to guarantee the full autonomy and the independence of CEPOL, it should be granted an autonomous budget with revenue stemming essentially from a contribution from the budget of the Union. The Union budgetary procedure should be applicable as far as the Union contribution and any other subsidies chargeable to the general budget of the European Union are concerned. The auditing of accounts should be undertaken by the Court of Auditors.
- (14) For the purpose of performing its tasks, CEPOL should also be able to award grants to the training and research institutes of the Member States for implementing CEPOL's courses, seminars and conferences. Grants awarded to Member States should further contribute to fostering the cooperation of the training institutes of the Member States within the network and promoting the mutual recognition of law enforcement.
- (15) For the purpose of fulfilling its mission and to the extent required for the performance of its tasks, CEPOL should be able to cooperate with other European Union Agencies and relevant bodies, the competent authorities of third countries and the international organisations

competent in matters covered by this Regulation in the framework of working arrangements concluded in accordance with this Regulation or in the framework of working arrangements concluded with national training institutes of third countries on the basis of Article 8 of the Council Decision 2005/681/JHA,

- (16) Regulation (EC) No. 1049/2001 of the European Parliament and of the Council¹⁸ should apply to CEPOL,
- (17) Since the objective of this Regulation, namely the establishment of an entity responsible for law-enforcement training at Union level, cannot be sufficiently achieved by the Member States and can, therefore, by reason of the scale and effects of the action, be better achieved at Union level, the Union may adopt measures, in accordance with the principle of subsidiarity, as set out in Article 5 of the Treaty on European Union. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary to achieve that objective.
- (18) This Regulation respects the fundamental rights and observes the principles recognised in particular by the Charter of Fundamental Rights of the European Union, in particular the right to the protection of personal data and the right to privacy as protected by Articles 8 and 7 of the Charter, as well as by Article 16 of the Treaty.
- (19) In accordance with Article 3 of the Protocol (No 21) on the position of United Kingdom and Ireland in respect of the Area of Freedom, Security and Justice, annexed to the Treaty on European Union and the Treaty on the Functioning of the European Union, those Member States have notified their wish to participate in the adoption and application of this Regulation] OR [Without prejudice to Article 4 of the Protocol (No 21) on the position of the United Kingdom and Ireland in respect of the Area of Freedom, Security and Justice, annexed to the Treaty on European Union and the Treaty on the Functioning of the European Union, those Member States will not participate in the adoption of this Regulation and will not be bound by or be subject to its application.
- (20) In accordance with Articles 1 and 2 of the Protocol (No 22) on the position of Denmark annexed to the Treaty on European Union and the Treaty on the Functioning of the European Union, Denmark is not taking part in the adoption of this Regulation and is not bound by it or subject to its application,

1. FRAMEWORK OF THE PROPOSAL/INITIATIVE

1.1. Title of the proposal/initiative

1.2. Policy area(s) concerned in the ABM/ABB structure ²⁹

Policy area: HOME AFFAIRS (Title 18)

Activity: 18.02 Internal Security

1.3. Nature of the proposal/initiative

- The proposal/initiative relates to a **new action**
- The proposal/initiative relates to a **new action following a pilot project/preparatory action** ³⁰
- The proposal/initiative relates to **the extension of an existing action**
- The proposal/initiative relates to **an action redirected towards a new action**

1.4. Objective(s)

1.4.1. *The Commission's multiannual strategic objective(s) targeted by the proposal/initiative*

Set up in 2000 by Council Decision, the European Police College (CEPOL) became an EU agency in 2005 (Council Decision 2005/681/JHA). CEPOL brings together senior police officers across Europe with the aim to encourage cross-border cooperation in the fight against crime and maintenance of public security and law and order.

The Stockholm Programme states that it is essential to step up training on Union-related issues in order to foster a genuine European judicial and law enforcement culture, and that the objective of systematic European Training Schemes should be pursued. The Commission accordingly proposed, prior to this proposal for new Regulation, a European Law Enforcement Training Scheme (LETS) which would build on the activities currently carried out by CEPOL – considering that under its current legal basis, CEPOL could only partially implement the LETS because its competence is restricted to senior officers.

1.4.2. *Specific objective(s) and ABM/ABB activity(ies) concerned*

Specific objective No

Specific objective No.1: To coordinate relevant EU-level training and exchanges for law enforcement officers

Specific objective No.2: To coordinate the implementation of the Law Enforcement training Scheme (LETS)

ABM/ABB activity(ies) concerned

18.02 – Internal Security

²⁹ ABM: activity-based management – ABB: activity-based budgeting.
³⁰ As referred to in Article 54(2)(a) or (b) of the Financial Regulation.

1.4.3. *Expected result(s) and impact*

Specify the effects which the proposal/initiative should have on the beneficiaries/groups targeted.

Training of law enforcement officials, thereby raising the standard of policing across the EU, enhancing trust between law enforcement agencies, contributing to a common law enforcement culture and thereby making more effective the EU's response to common security challenges.

1.4.4. *Indicators of results and impact*

Specify the indicators for monitoring implementation of the proposal/initiative.

- Number of needs analyses;
- Number of quality assurance products;
- Number of common curricula;
- Number of training (and e-training) modules;
- Number of course delivered;
- Number of exchanges organised;
- User satisfaction.

1.5. Grounds for the proposal/initiative

1.5.1. *Requirement(s) to be met in the short or long term*

The law enforcement training that will be brought about by the agency will raise the standard of policing across the EU, contribute to enhance trust between law enforcement agencies, contribute to a common law enforcement culture, and thereby make more effective the EU's response to common security challenges.

1.5.2. *Added value of EU involvement*

The added value of EU involvement in law enforcement training is to ensure a coordinated approach developing and implementing such training. Much is already done in this field, whether nationally by Member States or at EU-level by CEPOL. However, as explained in the Commission Communication on the European Law Enforcement Training Scheme (LETS), more needs to be done e.g. to ensure that training responds to needs relating to crime topics prioritised at EU level and to ensure a coherent approach to deliver training at EU level according to the highest quality standards.

1.5.3. *Lessons learned from similar experiences in the past*

The Commission Communication on a European Law Enforcement Training Scheme (LETS) draws on a mapping exercise undertaken by CEPOL in 2012 as well as extensive consultations with experts from Member States and from JHA agencies. The results indicated a need for a more coordinated approach, including a strong role for an EU agency as driving force and coordinator for implementing the Scheme, in close cooperation with other agencies and national training academies. CEPOL has been the subject of a five-year evaluation completed in 2011 and an external study commissioned by the Commission to support preparation of an impact assessment for the forthcoming legislative proposal. The results indicated needs for increasing training on EU dimensions of policing, for better coordination between CEPOL,

Member States and other agencies, and for improvements in CEPOL's current governance and structure.

1.5.4. *Compatibility and possible synergy with other appropriate instruments*

CEPOL cooperates with other EU agencies in the field of justice and home affairs (including Europol, Frontex, Fundamental Rights Agency). CEPOL will ensure a coherent development of and avoid duplication in the training activities for the competent law enforcement authorities, which are performed by the existing European Agencies and other relevant bodies, by preparing strategic training needs assessment and addressing EU priorities in the area of internal security and its external aspects, in line with the relevant policy cycles.

1.6. Duration and financial impact

- Proposal/initiative of **limited duration**
- Proposal/initiative in effect from [DD/MM]YYYY to [DD/MM]YYYY
- Financial impact from YYYY to YYYY
- Proposal/initiative of **unlimited duration**

Implementation with a start-up period from 01/01/2016 to 31/03/2016, followed by full-scale operation.

1.7. Management mode(s) planned³¹

From 2014 budget

- Direct management** by the Commission through
 - executive agencies
 - Shared management** with the Member States
- Indirect management** by entrusting budget implementation tasks to:
 - international organisations and their agencies (to be specified);
 - the EIB and the European Investment Fund;
 - bodies referred to in Articles 208 and 209;
 - public law bodies;
 - bodies governed by private law with a public service mission to the extent that they provide adequate financial guarantees;
 - bodies governed by the private law of a Member State that are entrusted with the implementation of a public-private partnership and that provide adequate financial guarantees;
 - persons entrusted with the implementation of specific actions in the CFSP pursuant to Title V of the TEU, and identified in the relevant basic act.

Comments

³¹ Details of management modes and references to the Financial Regulation may be found on the BudgWeb site: http://www.cc.cec/budg/man/budgmanag/budgmanag_en.html

2. MANAGEMENT MEASURES

2.1. Monitoring and reporting rules

Specify frequency and conditions.

Under the proposal for a Regulation, CEPOL is required to elaborate each year a programming document containing Cepol's multiannual programming and the annual work programme. Furthermore, every 5 years, the Commission shall commission an evaluation to assess particularly the impact, effectiveness and efficiency of CEPOL and its working practices. The evaluation shall, in particular, address the possible need to modify the mandate of CEPOL, and the financial implications of any such modification.

2.2. Management and control system

2.2.1. Risk(s) identified

Turning CEPOL into an agency responsible for implementing the LETS and coordinating learning at EU level might be perceived by stakeholders as too ambitious in relation to CEPOL's current size. Therefore, changes to its mandate need to be reflected in the new Agency's structure and governance.

Furthermore the risks related to the relocation of the Agency to its new seat – mainly in terms of staff – are to be taken into account.

2.2.2. Control method(s) envisaged

CEPOL is subject to the following controls: budgetary control, internal audit, annual reports by the European Court of Auditors, the annual discharge for the execution of the EU budget and possible investigations conducted by OLAF to ensure, in particular, that the resources allocated to agencies are put to proper use.

2.3. Measures to prevent fraud and irregularities

Specify existing or envisaged prevention and protection measures.

In order to combat fraud, corruption and other unlawful activities, the provisions of Regulation No 883/2013 apply without restriction to the Agency, as stipulated in Art. 28 of the Regulation.

Comment:

CEPOL's establishment plan in 2014 is: 27 TA (16 AD + 11 AST), 10 CA and 5.5 SNE. The intention of the agency is to recruit in 2016 an additional temporary agent for the post of Legal Advisor (1 AD) in accordance with the advice from the European Ombudsman. 3 posts for LETS are already included in the non-reduction of CEPOL's staff to 25 in line with the Communication COM(2013)519 of 10/7/2013, one of the three additional posts being granted in 2018 only. It is assumed that additional staff who will work on the LETS implementation will need to be recruited in 2017 (+ 1 AD); therefore, the additional post foreseen in 2018 should be frontloaded. . The 4 staff in relation to the LETS will be in charge of the coordination of the 4 Strands of the Scheme and of ensuring that the training activities are built on the basis of regular training needs analysis and satisfy the high quality of delivery. Considering that 3 additional staff are already foreseen by the Communication COM(2013)519. for CEPOL, only 1 FTE will need to be frontloaded for 2016, while 1

additional staff will need to be found in 2017, subject to the available resources of the pool of Agencies through the annual budget procedures.

All staff costs have been calculated based on DG BUDG guidelines of 08.08.2013: 1 TA = 132 000 EUR p.a., 1 CA = 70 000 EUR p.a., 1 SNE = 78 000 EUR p.a. The salary correction coefficient for HU (76.1%) was factored into the calculations.
