**Strategic Approach**

**CHAPTER II**  
**Enabling conditions and performance framework**

*Article 11*  
*Enabling conditions*

1. For the specific objectives, prerequisite conditions for their effective and efficient implementation ('enabling conditions') are laid down in this Regulation.

Annex III lays down horizontal enabling conditions applicable to all specific objectives and the criteria necessary for the assessment of their fulfilment.

Annex IV lays down thematic enabling conditions for the ERDF, the Cohesion Fund and the ESF+ and the criteria necessary for the assessment of their fulfilment.

2. When preparing a programme or introducing a new specific objective as part of a programme amendment, the Member State shall assess whether the applicable enabling conditions linked to the selected specific objective are fulfilled, taking into account the principle of proportionality. An enabling condition is fulfilled where all the related criteria are met. The Member State shall identify in each programme or in the programme amendment the fulfilled and non-fulfilled enabling conditions and where it considers that an enabling condition is fulfilled, it shall provide justification.
3. Where an enabling condition is not fulfilled at the time of approval of the programme or the programme amendment, the Member State shall report to the Commission as soon as it considers the enabling condition fulfilled with justification.

4. The Commission shall, within three months of receipt of the information referred to in paragraph 3, perform an assessment and inform the Member State where it agrees with the fulfilment.

Where the Commission disagrees with the assessment of the Member State, it shall inform the Member State setting out its assessment accordingly. The Member State shall react in accordance with the procedure set out in paragraph 3.

5. Without prejudice to Article 99, expenditure related to operations linked to the specific objective shall not be reimbursed by the Commission to the Member State<sup>1</sup> until the Commission has informed the Member State of the fulfilment of the enabling condition pursuant to the first sub-paragraph of paragraph 4.

The first sub-paragraph shall not apply to operations that contribute to the fulfilment of the corresponding enabling condition.

6. The Member State shall ensure that enabling conditions remain fulfilled throughout the programming period. It shall inform the Commission of any modification impacting the fulfilment of enabling conditions.

Where the Commission considers that an enabling condition is no longer fulfilled, it shall inform the Member State setting out its assessment and give it the opportunity to present its observations within one month. Where the Commission concludes that the non-fulfilment of the enabling condition persists, and without prejudice to Article 99, expenditure related to the specific objective concerned shall not be reimbursed by the Commission to the Member State<sup>1</sup> as from the date the Commission informs the Member State accordingly.

---

<sup>1</sup> Changes proposed in Articles 11(5) and 11(6) entail a modification of Article 87(1). It should read: "Without prejudice to Article 11 (5) and (6) and subject to available funding, the Commission shall make interim payments no later than 60 days after the date on which a payment application is received by the Commission."

*Article 12*  
*Performance*

1. For each programme, the Member State shall establish a performance framework which shall allow monitoring, reporting on and evaluating programme performance during its implementation, and contribute to measuring the overall performance of the Funds.

The performance framework shall consist of:

- (a) output and result indicators linked to specific objectives set in the Fund-specific Regulations identified for the programme;
  - (b) milestones to be achieved by the end of the year 2024 for output; and
  - (c) targets to be achieved by the end of the year 2029 for output and result indicators.
2. Milestones and targets shall be established in relation to each specific objective within a programme, with the exception of technical assistance implemented pursuant to Article 30(5) and to Article 32 and of the specific objective addressing material deprivation set out in Article [4(1)(xi)] of the ESF+ Regulation.
  3. Milestones and targets shall allow the Commission and the Member State to measure progress towards the achievement of the specific objectives. They shall meet the requirements set out in Article [33(3)] of the Financial Regulation.

### *Article 13*

#### *Methodologies for the establishment of the performance framework*

1. For each programme, the methodologies to establish the performance framework shall include:
  - (a) the criteria applied by the Member State to identify indicators;
  - (b) data or evidence used, data quality assurance and the calculation method;
  - (c) factors that may influence the achievement of the milestones and targets and how they were taken into account.
2. The Member State shall make those methodologies available upon request by the Commission.

### *Article 14*

#### *Mid-term review and flexibility amount<sup>2</sup>*

1. For programmes supported by the ERDF, the ESF+ and the Cohesion Fund, the Member State shall review each programme, taking into account the following elements:

---

<sup>2</sup> N.B.: The amendments made in Article 14 require an amendment in Art.80(1) as follows:

1. The decision approving the programme in accordance with Article 18 shall constitute a financing decision within the meaning of [Article 110(3)] of the Financial Regulation and its notification to the Member State concerned shall constitute a legal commitment.

That decision shall specify the Union contribution per Fund and per year. However, for programmes under the Investment for jobs and growth goal an amount corresponding to 50% of the Union contribution for the Investment for jobs and growth goal for the years 2026 and 2027 ('flexibility amount') shall only be definitively allocated after the adoption of the Commission decision following the mid-term review as referred to in Article 14.

- (a) the new challenges identified in relevant country-specific recommendations adopted in 2024
  - (a) bis the progress in implementing the principles of the European Pillar of Social Rights;
  - (b) the socio-economic situation of the Member State or region concerned;
  - (b) bis the results from relevant evaluations;
  - (c) the progress in achieving the milestones, taking into account any difficulties encountered in the implementation of the programme;
  - (d) the outcome of the technical adjustment as set out in Article 104(2), where applicable.
- 1a. The Member State shall submit an assessment for each programme on the outcome of the mid-term review, including a proposal for the definitive allocation of the flexibility amount referred to in the second subparagraph of Article 80(1), to the Commission by 31 March 2025.
  2. If deemed necessary following the mid-term review of the programme or, in case new challenges were identified pursuant to point (a) of paragraph 1, the Member State shall submit to the Commission the assessment referred to in paragraph 1a together with the amended programme.

The revised programme shall include:

- (a) the allocations of the financial resources by priority;
- (b) revised or new targets;
- (c) the revised allocations of the financial resources resulting from the technical adjustment set out in Article 104(2) including the amounts for the years 2025, 2026 and 2027, where applicable.

The Commission shall approve the amendment of the programme in accordance with Article 19, including a definitive allocation of the flexibility amount.

- 3. Where, as a result of the mid-term review, the Member State considers that the programme does not need to be amended, the Commission shall:
  - a) either adopt a decision within three months of the submission of this assessment confirming the definitive allocation of the flexibility amount referred to in the second subparagraph of Article 80(1) or;
  - b) request the Member State within two months of the submission of this assessment to submit an amended programme in accordance with Article 19;
- 3a. Until the adoption of the Commission decision confirming the definitive allocation of the flexibility amount as referred to in paragraph 1a, this amount shall not be available for selection of operations.
- 4. In 2026, the Commission shall prepare a report about the outcome of the mid-term review and submit it to the European Parliament and to the Council.

## ESF+ Regulation

### *Article 4*

#### Specific objectives

1. The ESF+ shall support the following specific objectives in the policy areas of employment, education, social inclusion and health and thereby also contributing to the policy objective for “A more social Europe - Implementing the European Pillar of Social Rights” set out in Article [4] of the [CPR]:
  - (i) improving access to employment of all jobseekers, in particular youth and long-term unemployed and disadvantaged groups on the labour market, and of inactive people, promoting self-employment and the social economy;
  - (ii) modernising labour market institutions and services to assess and anticipate skills needs and ensure timely and tailor-made assistance and support to labour market matching, transitions and mobility;
  - (iii) promoting a gender-balanced labour market participation and a better work/life balance including through access to childcare and care for dependent persons;

*\* Proposed revised recital (21) of the ESF+ Regulation:*

- (21) The ESF+ should support policy and system reforms in the fields of employment, social inclusion, healthcare and long-term care, and education and training, including by reinforcing the institutional capacity and the efficiency of the public administrations and public services in these policy areas. In order to strengthen alignment with the European Semester, Member States should allocate an appropriate amount of their resources of the ESF+ strand under shared management to implement relevant country-specific recommendations relating to structural challenges which it is appropriate to address through multiannual investments falling within the scope of the ESF+. The Commission and the Member States should ensure coherence, coordination and complementarity between the shared-management and Health strands of ESF+ and the Reform Support Programme, including the Reform Delivery Tool and the Technical Support Instrument. In particular, the Commission and the Member State should ensure, in all stages of the process, effective coordination in order to safeguard the consistency, coherence, complementarity and synergy among sources of funding, including technical assistance thereof.

*\*Proposed new recital to be added in the ESF+ Regulation*
